PROJECTS

StudioSync - Client Collaboration & Project Management Platform

[Link](#)

React.js • Node.js • Express.js • PostgreSQL • JWT • Axios • Tailwind CSS

- Built a full-stack client collaboration platform that centralizes project management, deliverables, approvals, and client communication for digital agencies.
- Implemented secure JWT authentication with role-based access control for Admin and Client users.

GitHub Profile Finder

[Link](#)

React.js, JavaScript, Tailwind CSS, GitHub REST API

- Built a responsive application that searches GitHub users and displays profile details, repositories, followers, and account statistics.
- Integrated GitHub REST API with loading states, error handling, and reusable React components.

Pure Lifestyle Yoga- Lead Conversion & Booking Platform

[Link](#)

React.js • JavaScript • Tailwind CSS • Supabase • PostgreSQL

- Designed and developed a lead conversion and booking platform to improve consultation workflow and client onboarding.
- Built responsive booking interfaces and an admin dashboard for managing enquiries and appointments.

EXPERIENCE

UI/UX Design Intern - ScholarHat

June 2025 – August 2025

- Collaborated with design and development teams to translate Figma designs into production-ready React components and live web pages.
- Designed 80+ brand-consistent banners, posters, marketing assets using Figma and Canva while maintaining visual consistency.
